

PROTEK® HARDCOAT SATIN TEXTURE (VELVET) UV PRINTABLE POLYESTER

ProTek films from Tekra Corporation incorporate the latest coating technologies to offer the most advanced hardcoats in the industry.

Features of ProTek Satin Texture UV Printable Polyester include:

- Uses thermally stabilized base film
- Satin texture has a velvet appearance
- Excellent abrasion and scratch resistance
- Superior chemical resistance to common household cleaners and industrial solvents
- First and second surface printability with solvent and UV inks, including clearing inks

ProTek Satin Texture UV Printable Polyester is available in web width of 49" and in 7 mil thickness. Custom roll widths and sheet sizes are available.

TYPICAL VALUES ‡

Physical	Test Method	Value	Unit
Specific Gravity	ASTM D792	1.3954	g/cm3

MASKING AND INTERLEAVING

ProTek Satin Texture UV Printable PET can be configured with interleaving, mask on the second surface, or with no masking or interleaving. If no protective interleaving or masking is selected, Tekra will not warranty against spot abrasions or other damage to the uncoated surface in transit.

PROCESSABILITY

Tekra has made a good faith effort to validate the suitability of this product with common processing methods including screen printing, laser cutting, die cutting and embossing. However, because of the variability between different types of equipment, methods and processing conditions Tekra recommends that you work with your Tekra representative, your ink representative and your machine manufacturer to determine the substrates, inks, machinery and settings that work best in your particular situation.

The application suggestions, specifications and other data described here are based on experience that is believed by Tekra Corporation to be reliable. Because of the characteristics of these products, you should, before using these products in production, perform your own tests to determine to your satisfaction whether these products are acceptable and suitable for your particular purposes under your operation conditions.

Any order for these products will be subject to Tekra's terms and conditions of sale.
